Commissioner for Patents

Upon Careful examination of the amendment after allowance (12/06/05) and upon the recommendation of an official in the field of MPEP it was decided that the amendment after final, having a deletion of a limitation 'silicon oxycarbide', will not be entered since the amendment changes the scope of the claim and/or the merit of the claim for allowance. See § 1.312 Amendments after allowance: No amendment may be made as a matter of right in an application after the mailing of the notice of allowance. Any amendment filed pursuant to this section must be filed before or with the payment of the issue fee, and may be entered on the recommendation of the primary examiner, approved by the Director, without withdrawing the application from issue.
